Neapolitan Pizza

Our Pizza Dough is made using the traditional Neapolitan method proving the dough at cold temperature over a 48-hour period. We add a minute amount of yeast to start the process in order to encourage the natural yeasts which abound in the atmosphere. The Pizza is then prepared by hand & cooked in 90 secs at 400+C in our woodfired stone oven. This method produces a soft delicious dough with a nice char around the edge. Our Pizze are prepared using Fior Di Latte Mozzarella ("Flower of Milk") or Mozzarella di Bufala, imported from Italy. Pizza is made to share with friends & family and one of our pizze will satisfy two persons, or maybe just one growing Giovanotto (Adolescent).

Gluten Free Pizza Available. "V" denotes Vegetarian, "V+" Vegan, "DF" Dairy Free.
