

Hi Members

22nd of December 2023

The Club exchanged contracts with Ryde City Council for the sale of the Denistone Sports Club property on 19 December 2024. The Council has agreed that post completion it will grant a licence of the property for bowling and related uses on Council's standard terms.

The licence will be granted to members of the Club who create an entity for this purpose. If members of the Club create such an entity and enter into a licence agreement with Council the Club will provide a sum of money to Council for green maintenance fees for the period of the licence.
